SERIES: PJ-075-SMT | **DESCRIPTION:** DC POWER JACK

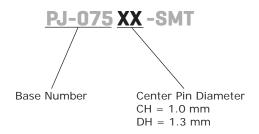

FEATURES

- · low profile
- surface mount
- · internal switch

PART NUMBER KEY

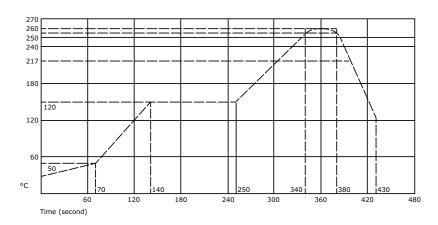

SPECIFICATIONS

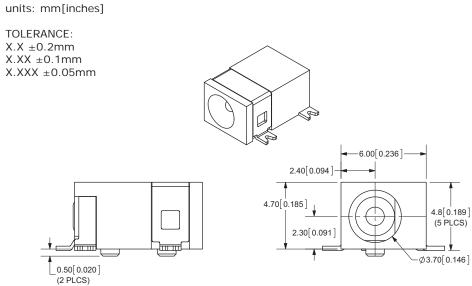

parameter	conditions/description	min	typ	max	units
rated input voltage			16		Vdc
rated input current				3.5	А
contact resistance*	between terminal and mating plug between terminal in a closed circuit			50 30	$m\Omega$
insulation resistance	at 500 Vdc	100			МΩ
voltage withstand	at 50/60Hz for 1 minute			500	Vac
insertion/withdrawl force		0.3		3	kg
terminal strength	any direction for 10 seconds			500	g
operating temperature		-25		85	°C
life			5,000		cycles

Notes: *When measured at a current of less than 100 mA / 1 kHz

parameter conditions/description min units max typ reflow soldering see reflow profile 255 260 265 °C

CUI offers a one (1) year limited warranty. Complete warranty information is listed on our website.

CUI reserves the right to make changes to the product at any time without notice. Information provided by CUI is believed to be accurate and reliable. However, no responsibility is assumed by CUI for its use, nor for any infringements of patents or other rights of third parties which may result from its use.

CUI products are not authorized or warranted for use as critical components in equipment that requires an extremely high level of reliability. A critical component is any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
