

DAFLEX Silicone Rubber Coated Fiberglass Sleeving 200°C MIL-I-3190/6 Grade A

Description: Braided fiberglass sleeving with a uniform coating of silicone rubber. Cuts cleanly and will not fray. The tubing remains flexible from -55°C to +200°C. Can be "pushed-back" easily; has high cut through resistance, and is unaffected by corona, ozone, radiation, weathering and fungus, with excellent abrasion, chemical and moisture resistance, self-extinguishes flame. UL Rated: 600V.
